WE RULE. WE GOVERN. WE EMPOWER.

DOCUMENTATION ORIENTATION

Complete guide to navigating the Masaphokati Technologies documentation ecosystem for employees, contractors, and investors.

Document Induction Guide

Welcome to Masaphokati Technologies. This guide will help you navigate our documentation ecosystem and understand how information flows across the organization.

1. Introduction

Purpose of This Guide

This induction guide provides a structured overview of all documentation available within Masaphokati Technologies and SiyaBusa ERP. Whether you're a new employee, contractor, or investor, this guide will help you:

- Understand our documentation structure
- Find the right documents for your role
- Navigate classification levels
- Access information efficiently

Our Documentation Philosophy

At Masaphokati Technologies, we believe in:

Principle	Description
Transparency	Clear, accessible documentation for all stakeholders
Consistency	Standardized formats across all document types
Security	Appropriate classification and access controls
Currency	Regular updates to maintain accuracy

2. Document Classification System

All documents are classified according to their sensitivity and intended audience:

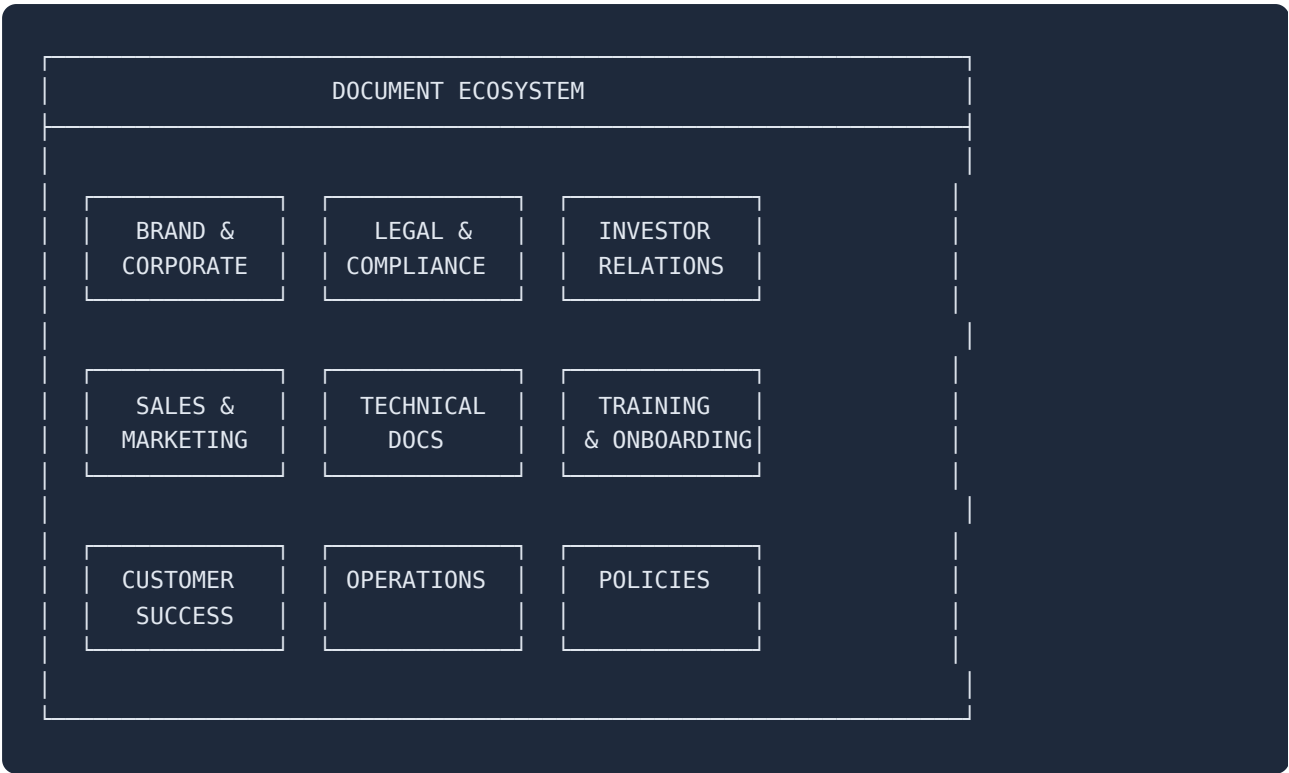

Classification Levels

Classification	Description	Access
Public	Safe for external distribution	Anyone
Internal	For employees and authorized contractors	Staff & Contractors
Confidential	Sensitive business information	Authorized Personnel
Strictly Confidential	Highly sensitive, restricted access	Executive & Legal Only

Visual Indicators

Every document displays its classification on the cover page and footer. Always verify you have appropriate authorization before sharing documents.

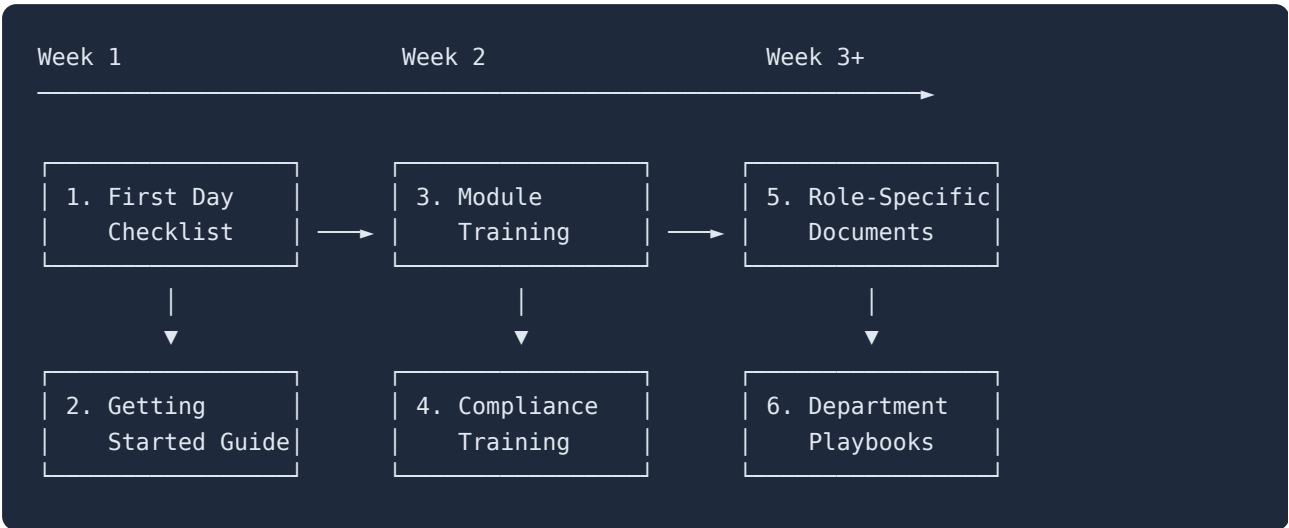

3. Document Categories Overview

4. Document Flow by Audience
