SiyaBusa ERP - Getting Started Guide

NEW USER ORIENTATION

Complete guide for new users to get started with SiyaBusa ERP, including login, navigation, and first tasks.

Welcome to SiyaBusa ERP!

Your Complete Business Management Platform

What You'll Learn

By the end of this guide, you'll be able to:

- Log into SiyaBusa ERP
- Navigate the main dashboard
- Find the modules you need
- Complete your first task
- Get help when you need it

Estimated Time: 15 minutes

Step 1: Accessing SiyaBusa

Web Browser Access

1. **Open your browser** (Chrome, Edge, Safari, or Firefox recommended)
2. **Go to:** Your company's SiyaBusa URL (provided by your administrator)
3. **Bookmark the page** for quick access

Mobile Access

SiyaBusa works on tablets and smartphones:

- Responsive design adapts to your screen
- Full functionality on mobile browsers

- No app installation required
-

Step 2: Logging In

Your Login Credentials

Your administrator will provide:

- **Email Address:** Your work email
- **Temporary Password:** Set during account creation

First-Time Login

1. Enter your email address
2. Enter your temporary password
3. Click "**Sign In**"
4. You'll be prompted to change your password

Password Requirements

Your new password must have:

- Minimum 8 characters
 - At least 1 uppercase letter
 - At least 1 number
 - At least 1 special character (!@#\$%^&*)
-

Step 3: Your Dashboard

After logging in, you'll see your personalized dashboard:

Dashboard Elements

Element	Description
Header Bar	Company logo, notifications, profile settings
Welcome Section	Your name, role, and company
Quick Stats	Key metrics at a glance
Side Menu	All modules you have access to
Workspace	Main content area for your work

Step 4: Navigating Modules

The Side Menu

Click any module to open it:

Module	What It Does
Dashboard	Overview, KPIs, quick actions
Financial	Accounting, invoices, payments
HR & Payroll	Employees, leave, payslips
Inventory	Stock, warehouses, transfers
Sales & CRM	Customers, quotes, orders
Purchasing	Suppliers, purchase orders
Manufacturing	BOMs, work orders, production
Reports	Custom reports, analytics
Compliance	SARS, audits, regulatory
Settings	Your preferences, company setup

Module Structure

Each module follows the same pattern:

```
Module Name
├─ List View (see all records)
├─ Create New (add records)
├─ Search & Filter (find specific items)
└─ Reports (module-specific reports)
```

Step 5: Common Tasks

Creating a New Record

1. Navigate to the relevant module
2. Click the **" + New "** or **"Create"** button
3. Fill in the required fields (marked with *)
4. Click **"Save"**

Editing a Record

1. Find the record in the list view
2. Click on the record to open it
3. Click **"Edit"**
4. Make your changes
5. Click **"Save"**

Searching for Records

1. Use the search bar at the top of any list
2. Type your search term
3. Press Enter or click the search icon
4. Use filters to narrow results

Exporting Data

1. Navigate to any list view
2. Click the **"Export"** button
3. Choose format (Excel, PDF, CSV)
4. Download your file

Step 6: Getting Help

In-App Help

- **? icon** - Context-sensitive help
- **Tooltips** - Hover over icons for descriptions
- **Guided Tours** - Step-by-step walkthroughs

Support Channels

Channel	Best For	Response Time
Knowledge Base	How-to guides, FAQs	Instant
Email Support	Complex issues	4-8 hours
Live Chat	Quick questions	During business hours
Phone Support	Urgent issues	Immediate (Premium)

Keyboard Shortcuts

Shortcut	Action
Ctrl + /	Open search
Ctrl + N	Create new record
Ctrl + S	Save current record
Esc	Close dialog/cancel

Step 7: Your Profile Settings

Accessing Settings

1. Click your profile icon (top right)
2. Select "**Settings**"

What You Can Customize

- **Personal Information** - Name, photo, contact details
- **Password** - Change your password
- **Notifications** - Email and in-app alerts
- **Display** - Theme, language, date format
- **Two-Factor Authentication** - Enhanced security

Your First Tasks Checklist

Complete these to get comfortable:

Log in successfully

Explore the dashboard

Open 3 different modules

Search for a record

Update your profile photo

Set your notification preferences

Create a test record (then delete it)

What's Next?

Recommended Training Path

1. **Day 1:** Complete this Getting Started guide
2. **Day 2:** Watch the 5-minute demo video
3. **Day 3:** Complete your module-specific training
4. **Week 1:** Practice with real tasks (with supervision)
5. **Week 2:** Work independently

Module-Specific Guides

Based on your role, review these guides:

- Financial Team → Financial Module Training
 - HR Team → HR & Payroll Training
 - Sales Team → Sales & CRM Training
 - Operations → Inventory & Manufacturing Training
