Sales Rep	Assigned rep

4. Add line items:

Product	Qty	Unit Price	Discount	Line Total
Laptop XPS	5	R32,500	5%	R154,375
Keyboard	5	R200	0%	R1,000

5. Review totals:

- Subtotal

- Discount
- VAT (15%)
- **Grand Total**

6. Click **Save as Draft**

3.3 Quote Templates

Using Templates:

1. In quote, click **Load Template**
2. Select template
3. Items auto-populate
4. Adjust as needed

Creating Templates:

1. Create quote with common items
2. Click **Save as Template**
3. Name the template

3.4 Sending Quotes

Email Quote:

1. Open quote
2. Click **Send**
3. Choose: Email / Download PDF
4. Customize message
5. Send

Quote PDF Includes:

- Company header/logo
- Quote number and date
- Customer details
- Line items with images
- Terms and conditions
- Validity period

3.5 Quote Follow-Up

Tracking Quotes:

1. Go to **Sales** → **Quotations**
2. Filter by status: Sent
3. Sort by Valid Until (oldest first)
4. Click quote to view

Follow-Up Actions:

- Log a call
- Send reminder email
- Update status
- Add notes

3.6 Converting to Order

When Customer Accepts:

1. Open quote
2. Click **Convert to Order**
3. Review order details
4. Confirm
5. Quote status → Accepted
6. Sales order created

3.7 Practice Exercise

Exercise 2: Create and Send Quote

1. Create a quote for ABC Electronics
 2. Add 5 Laptops and 5 Keyboards
 3. Apply 5% discount
 4. Send to customer email
 5. Log a follow-up call
-

Module 4: Sales Orders (45 minutes)

Learning Objectives

- Create and manage sales orders
- Process order fulfillment
- Handle partial shipments
- Cancel and modify orders

4.1 Sales Order Lifecycle

Draft → Confirmed → Processing → Shipped → Delivered → Invoiced
↓
On Hold / Cancelled

4.2 Creating a Sales Order

Method 1: Direct Order

1. Go to **Sales** → **Sales Orders**
2. Click **+ New Order**
3. Complete:

Field	Description
Customer	Select customer
Order Date	Today
Required Date	Expected delivery
Shipping Method	Courier/Collection
Payment Terms	From customer or override

4. Add items (similar to quote)
5. Click **Save**
6. Click **Confirm Order**

Method 2: From Quote

- Quote automatically creates order when converted

4.3 Order Processing

Check Stock:

1. Open order
2. View line status:

Item	Ordered	Available	Allocated
Laptop XPS	5	8	5
Keyboard	5	3	3

3. If short, system shows backorder warning

Allocate Stock:

1. Click **Allocate**
2. System reserves stock
3. Items move to "Allocated" status

4.4 Order Fulfillment

Creating Delivery:

1. Open confirmed order
2. Click **Create Delivery**
3. Select items to ship:

Item	Ordered	Ship Now	Backorder
Laptop XPS	5	5	0
Keyboard	5	3	2

4. Enter shipping details:
 - Courier
 - Tracking number
 - Delivery address

5. Click **Ship**

Partial Shipments:

- Ship available items first
- Backorder created for remaining
- Customer notified

4.5 Order Holds

Reasons for Hold:

- Payment issue
- Credit limit exceeded
- Stock allocation problem
- Customer request

Placing on Hold:

1. Open order
2. Click **Hold Order**
3. Select reason
4. Add notes
5. Confirm

Releasing Hold:

1. Resolve issue
2. Click **Release Hold**
3. Order resumes processing

4.6 Order Modifications

Before Shipment:

- Add/remove items
- Change quantities
- Adjust prices
- Change delivery address

After Partial Shipment:

- Can only modify unshipped items
- May need to create return for shipped items

4.7 Practice Exercise

Exercise 3: Process Sales Order

1. Create order from the quote (Exercise 2)
2. Confirm the order
3. Allocate stock
4. Create partial delivery (only laptops available)
5. Print delivery note

Module 5: Invoicing & Payments (45 minutes)

Learning Objectives

- Generate customer invoices
- Process customer payments
- Handle credit notes
- Manage customer statements

5.1 Invoice Types

Type	Description	From
Sales Invoice	Standard invoice	Delivery
Proforma	Pre-payment invoice	Order
Tax Invoice	VAT compliant	Delivery
