QBR Best Practices

Do's

1. **Prepare thoroughly** - Know the customer's data inside out
2. **Lead with value** - Start with achievements, not problems
3. **Listen more than talk** - QBR is about the customer

4. **Be specific** - Use actual numbers and examples
5. **Document everything** - Capture notes and commitments
6. **Follow up promptly** - Send summary within 24 hours
7. **Make it actionable** - End with clear next steps

Don'ts

1. **Don't wing it** - Unprepared QBRs damage credibility
2. **Don't hide problems** - Address issues proactively
3. **Don't oversell** - QBR is about value, not sales pitch
4. **Don't skip metrics** - Data makes the value tangible
5. **Don't monopolize** - Let customer speak 40%+ of time
6. **Don't forget follow-up** - Action items without follow-up are worthless

QBR Scoring Rubric
