Pricing Philosophy

Fair. Transparent. Competitive.

SiyaBusa ERP uses the same **per-user pricing model** as SAP, Oracle, Microsoft, and Sage — the industry standard. The difference? We deliver **40-50% savings** with full South African compliance built-in.

Our Commitment

- **Industry-standard model** - Platform fee + per-user fee (easy to compare)
- **40-50% savings** - Compared to major ERP vendors
- **All modules included** - Per tier, no hidden module fees

- **South African compliance** - SARS integration included
- **Transparent pricing** - No surprises, no hidden costs

Our Pricing Model

Platform Fee + Per-User Fee

SiyaBusa ERP follows the global ERP industry standard:

$$\text{MONTHLY COST} = \text{PLATFORM FEE} + (\text{USER COUNT} \times \text{PER-USER FEE})$$

Components:

Component	Description
Platform Fee	Base monthly cost for the software platform
Per-User Fee	Monthly cost for each active user
Implementation	One-time setup and training costs

What's Included in Platform Fee:

- Software access and updates
- South African cloud hosting
- Standard storage allocation
- Base support level
- SARS compliance tools
- Automatic backups

What's Included in Per-User Fee:

- Full module access (per tier)
- User account and authentication
- Mobile access

- Email notifications
- Personal dashboards

Market Comparison

Per-User Rates (Monthly)

Vendor	Entry	Professional	Enterprise
SAP Business One	R1,800	R2,500	R3,500
Oracle NetSuite	R1,500	R2,200	R2,800
Microsoft Dynamics	R1,600	R2,400	R3,200
Sage X3	R1,200	R1,800	R2,500
SiyaBusa ERP	R650	R950	R1,200

SiyaBusa Savings: 40-50% lower per-user costs

Full Cost Comparison

Vendor	Monthly Cost (25 Users)	Annual Cost
SAP Business One	~R70,000	R840,000
Oracle NetSuite	~R57,500	R690,000
Microsoft Dynamics	~R62,000	R744,000
Sage X3	~R50,000	R600,000
SiyaBusa Professional	R38,750	R465,000

Your Annual Savings: ~R280,000 with SiyaBusa ERP

- Payment due within 7 days of invoice
- 2% late payment fee after 30 days
- Service suspension after 60 days overdue

Frequently Asked Questions

Pricing Questions

Q: Why do you use platform fee + per-user pricing?

A: This is the global ERP industry standard used by SAP, Oracle, Microsoft, and Sage. It makes it easy to compare vendors and scale costs predictably with your business.

Q: Are there any hidden costs?

A: No. Your total monthly cost is Platform Fee + (Users × Per-User Fee). All modules for your tier are included. Implementation and training are one-time costs.

Q: Can I add users mid-month?

A: Yes. Additional users are pro-rated for the remainder of the month.

Q: What happens if I go below minimum users?

A: You'll still be charged for the minimum user count for your plan.

Plan Questions

Q: Can I upgrade my plan?

A: Yes, you can upgrade at any time. Upgrades take effect immediately, with costs pro-rated.

Q: Can I downgrade my plan?

A: Downgrades take effect at the next billing cycle. 30 days notice required.

Q: What's the contract term?

A: Monthly billing is month-to-month. Annual billing requires 12-month commitment with early termination fees.

Module Questions

Q: Do I need to pay extra for modules?

A: No. All modules included in your tier are available at no extra cost.

Q: Can I add individual Enterprise modules to a Professional plan?

A: Contact sales for module add-on pricing if you need specific Enterprise modules without upgrading.
