Trading As:	SiyaBusa ERP
Registration Number:	_____
Type of Entity:	Private Company
Country of Incorporation:	Republic of South Africa

2. Applicant Address

Field	Details
Physical Address:	_____

Postal Code:	_____
Province:	Gauteng
Country:	South Africa

3. Contact Details

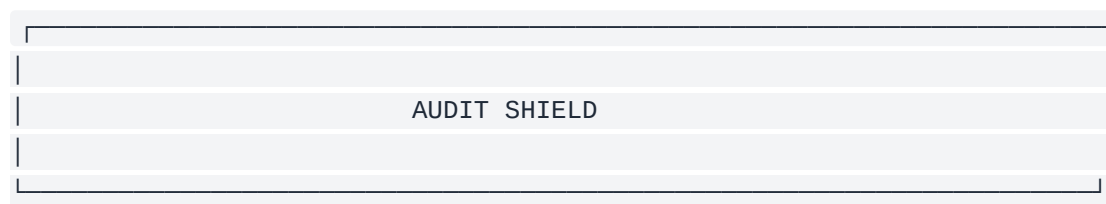

Field	Details
Contact Person:	Sibusiso Mavuso
Designation:	CEO & Founder
Telephone:	+27 74 012 6873
Email:	sibusiso@sbgsgroup.co.za

PART B: TRADE MARK DETAILS

5. Trade Mark Applied For

Type of Mark: Word Mark

The Mark:

Mark in Words: AUDIT SHIELD

6. Meaning of the Mark

AUDIT: Refers to the examination and verification of financial records and business processes

SHIELD: A protective barrier, indicating the software's protective/preventive function in audit preparedness

7. Colours Claimed

No colour claimed (standard characters)

PART C: CLASSIFICATION

8. International Classification of Goods and Services (Nice Classification)

Class 9 - Computer Software

Specification of Goods:

Computer software for audit management and preparation; computer software for tracking audit trails and transaction histories; computer software for audit evidence collection and management; computer software for audit checklist management; computer software for compliance monitoring and audit readiness assessment; computer software for generating audit reports and documentation; computer software for internal controls testing and monitoring; computer software for audit finding tracking and remediation; computer software for permanent audit file management; downloadable computer software for audit management; mobile applications for audit tracking and evidence collection.

Class 35 - Business Services

Specification of Services:

Business audit preparation services; business consulting services relating to audit readiness; advisory services relating to internal controls and compliance; business process review and documentation services; compilation and systemization of audit evidence and documentation; business data analysis services for audit purposes.

Class 42 - Technology Services

Specification of Services:

Software as a service (SaaS) featuring software for audit management and preparation; cloud computing services featuring software for audit trail management; software as a service (SaaS) for audit evidence collection and storage; software as a service for audit checklist automation; software design and development services for audit management applications; technical support services for audit management software; hosting of software as a service for audit readiness; data processing services relating to audit documentation.

PART D: UNIQUE FEATURES

What Makes AUDIT SHIELD Distinctive

1. Preventive Defense System

Unlike traditional audit software that reacts to audits, AUDIT SHIELD proactively prepares businesses for audits before they occur.

2. Audit-Ready Suite Components:

- Pre-populated audit checklists (VAT, PAYE, IFRS, COSO, King IV)
- Permanent audit file management
- Evidence collection and linking
- Finding tracking with remediation workflows
- Controls testing automation
- Real-time readiness scoring

3. South African Compliance Focus:

- SARS audit preparation
- King IV governance compliance
- B-BBEE audit support
- IFRS alignment verification

4. AI-Powered Features:

- Automatic evidence matching
- Anomaly detection for audit risks
- Predictive audit timing
- Natural language audit queries

5. Auditor Portal:

- Secure external auditor access
- Controlled document sharing
- Real-time collaboration
- Audit status tracking

PART E: DECLARATION

I/We, the undersigned, hereby declare that:

1. The applicant is the proprietor of the trade mark applied for;
2. The trade mark is being used, or is proposed to be used, by the applicant or with the applicant's consent in relation to the goods/services specified;
3. To the best of my/our knowledge and belief, no other person is entitled to use the trade mark in relation to the goods/services specified;
4. The term "AUDIT SHIELD" is distinctive and serves as a source identifier for the applicant's audit management software;
5. The information contained in this application is true and correct.

Signature

Signature:	_____
Name:	Sibusiso Mavuso
Capacity:	CEO & Founder
Date:	_____

PART F: PAYMENT

Fee Calculation

Item	Amount (ZAR)
Class 9 Application Fee	R590.00
Class 35 Application Fee	R590.00
Class 42 Application Fee	R590.00
TOTAL	R1,770.00

PART G: DISTINCTIVENESS ARGUMENT

Why AUDIT SHIELD is Registrable

1. **Arbitrary Combination:** While "audit" and "shield" are common words, their combination in relation to software creates a distinctive mark.

2. **Suggestive Rather Than Descriptive:** The mark suggests protection in audit contexts but does not directly describe the software's functionality.
 3. **No Common Usage:** The term "AUDIT SHIELD" is not commonly used in the software industry as a generic term.
 4. **Brand Investment:** The applicant has invested in building brand recognition around this term.
 5. **Consumer Perception:** Users associate "AUDIT SHIELD" specifically with the applicant's audit management solution.
-

PART H: EVIDENCE OF USE

Current Use in Commerce

The mark "AUDIT SHIELD" appears in:

1. **Product Interface:** Module name within SiyaBusa ERP
2. **Marketing Materials:** Sales presentations and brochures
3. **Website:** Product descriptions and feature pages
4. **Documentation:** User guides and technical documentation
5. **Sales Communications:** Proposals and quotations

First Use Date

Date of First Use: _____ 2025
