WE RULE. WE GOVERN. WE EMPOWER.

SiyaBusa ERP - Sales Presentation

SALES PRESENTATION

The core sales presentation deck highlighting the problem, solution, and market opportunity.

Enterprise ERP for South African Business

"We Rule. We Govern. We Empower."

SLIDE 1: The Challenge

South African Mid-Market Businesses Are Stuck

The Problem:

- Global ERP solutions cost R1,500-R3,500 per user per month
- Implementation takes 6-18 months
- South African compliance requires expensive customization
- 60,000+ businesses are underserved

The Gap:

- Too big for QuickBooks/Xero
 - Too small for SAP/Oracle pricing
 - Need real ERP, can't afford the market rate
-

SLIDE 2: The Solution

SiyaBusa ERP

Enterprise functionality at 40-50% of competitor cost

Built specifically for South African businesses:

- SARS compliance built-in
- Per-user pricing (industry standard)
- 4-10 week implementation
- Local support team

"SiyaBusa" = "We Rule" in Zulu

SLIDE 3: Competitive Positioning

Same Model. Better Price.

	SiyaBusa	SAP	Oracle	Microsoft
Per User	R650-R1,500	R1,800-R3,500	R1,500-R2,800	R1,600-R3,200
