RE: PROPOSAL FOR AGRICULTURAL FUND-RAISING PROJECTS
FOR CHURCHES

Dear Church Leadership,

Grace and peace to you.

We write to you with a unique opportunity that can transform your church's financial sustainability while creating meaningful employment and community impact.

WHO WE ARE

Prime Sources is a professional agricultural consulting firm based in Mankayane, Manzini, in the Kingdom of eSwatini. We specialize in helping organizations establish and manage profitable agricultural projects from conception to completion.

Our lead consultant, **Sibusiso Dlamini**, brings hands-on expertise in livestock management, feedlot operations, and agricultural project development. We are passionate about empowering communities and institutions to achieve financial independence through sustainable farming practices.

THE CHALLENGE FACING CHURCHES TODAY

We understand that many churches face significant financial challenges:

- **Declining tithes and offerings** due to economic pressures on congregants
- **Growing operational costs** including utilities, maintenance, and staff
- **Limited funding** for community outreach and development programs
- **Dependence on giving alone** which is often insufficient and unpredictable

Giving alone is no longer enough. Churches need sustainable income-generating projects that can supplement offerings and create long-term financial stability.

OUR SOLUTION: AGRICULTURAL PROJECTS FOR CHURCHES

Prime Sources offers a comprehensive solution to help your church establish profitable agricultural ventures. We handle everything from planning to execution, allowing your leadership to focus on ministry while we manage the farming operations.

OUR SERVICES

Agricultural Consulting

- Feasibility studies and project planning

-

WHY PARTNER WITH PRIME SOURCES?

BENEFIT	DESCRIPTION
Expertise	Professional agricultural knowledge and hands-on experience
Turnkey Solutions	We handle everything—you focus on ministry
Local Knowledge	We understand eSwatini's agricultural landscape
Sustainable Income	Create long-term revenue streams for your church
Community Impact	Provide employment and food security for congregants
Transparent Reporting	Regular updates and financial accountability

POTENTIAL PROJECTS FOR YOUR CHURCH

Depending on your available land, budget, and goals, we can help you establish:

1. **Small-Scale Piggery** (10-50 pigs)

- Low startup cost, quick returns
- High demand for pork in local markets

2. **Poultry Farm** (Layers or Broilers)

- Egg production for consistent income
- Broiler sales for seasonal cash flow

3. **Feedlot Operation** (Cattle Fattening)

- Buy lean cattle, fatten, and sell at profit

- 3-6 month turnaround cycles

4. **Vegetable Garden** (Market Gardening)

- Fresh produce for church events and local sales
- Low investment, quick harvest cycles

5. **Integrated Farm** (Multiple Enterprises)

- Combine livestock and crops for diversified income
 - Maximize land utilization
-

NEXT STEPS

We invite you to explore this opportunity further. Here's how we can begin:

1. **Initial Consultation** – Free, no-obligation meeting to discuss your church's needs
 2. **Site Assessment** – We visit your available land to evaluate potential
 3. **Proposal Development** – We create a customized project plan and budget
 4. **Project Launch** – Upon approval, we begin implementation
 5. **Ongoing Partnership** – We manage operations and report progress
-

LET'S BUILD TOGETHER

Your church has a vision. We have the agricultural expertise. Together, we can create sustainable income streams that will support your ministry for generations to come.

"The earth is the Lord's, and everything in it." — Psalm 24:1

Let us help you steward the land for the benefit of God's Kingdom.
