

Tax Compliance Services Proposal

PREPARED FOR SS Adepoju (Seeletso Sharon Adepoju)	TAXPAYER REF NO 1709656175	SARS CASE NO 573993972	PROPOSAL REF PROP-2026-TAX-001	DATE ISSUED 21 April 2026	VALID UNTIL 28 April 2026
---	-------------------------------	---------------------------	-----------------------------------	------------------------------	------------------------------

URGENT: SARS issued a Final Demand on 14 April 2026. The 10-business-day compliance window is active. Immediate engagement is recommended to protect your rights and minimise penalty exposure.

BACKGROUND

Our office has been engaged to assist with outstanding Personal Income Tax (PIT) returns following a **Final Demand** issued by the South African Revenue Service (SARS) dated 14 April 2026 (Case Number: 573993972).

According to SARS records, the following returns remain outstanding:

Tax Type	Outstanding Periods	Number of Returns
Personal Income Tax (PIT)	2021, 2022, 2023, 2025	4
Total Outstanding Returns		4

OUR APPROACH

We believe in doing this properly — not just filing returns to satisfy a deadline, but ensuring your tax profile is accurate, compliant, and that no unnecessary penalties or assessments arise from rushed or incomplete submissions.

Before committing to a filing fee, we first need to understand the full picture of your tax affairs. To that end, we propose a **two-phase engagement**:

Phase 1 — Tax Profile Assessment

R1,500

Before any returns are prepared or submitted, Bontle Mokoene will conduct a thorough review of your tax profile. This includes:

- Reviewing your SARS eFiling profile and current account status
- Identifying all outstanding obligations and any existing penalties or interest accrued
- Assessing what source documents are required for each outstanding tax year (IRP5s, payslips, interest certificates, medical aid, retirement annuity, rental income, etc.)
- Identifying any potential deductions, credits, or refunds you may be entitled to
- Advising on the most appropriate submission strategy to minimise penalties
- Providing you with a clear document checklist and a formal fee quote for Phase 2

Phase 1 Fee: R1,500 — payable upfront to initiate the engagement.

This assessment gives us a clear picture of exactly what is needed before any further commitments are made. It ensures you are not charged a blanket fee before we understand the true complexity of your situation.

Phase 2 — Return Preparation & Submission

Fee to be Quoted

Once the Phase 1 assessment is complete, we will provide a detailed, itemised fee proposal for:

- Preparation and review of each outstanding tax return
- Liaising with SARS on your behalf where required
- Submission of all returns via eFiling
- Addressing any SARS queries or verifications arising from the submissions
- Penalty remission applications where applicable

*The Phase 2 fee depends on the number of income sources, complexity of each return, and documents available. You will receive a clear, itemised quote before any further work commences — **no surprises**.*

WHY ACT NOW

SARS has already issued a **Final Demand**. The 10-business-day window commenced on 14 April 2026. Continued non-compliance exposes you to:

- **Administrative penalties** — levied on a monthly basis per outstanding return and compounding significantly over time
- **A formal summons** being issued against you
- **Criminal prosecution** — carrying fines or imprisonment of up to two years upon conviction

- **Public disclosure** of your name, area of residence, and offence particulars upon conviction

Early engagement gives us the best opportunity to manage your exposure and, where possible, apply for penalty remission on your behalf.

HOW TO PROCEED

Given the urgency of this matter — with SARS's 10-business-day deadline already running — we urge you to act **immediately**. Every day of delay increases the risk of compounding penalties and further SARS action.

To accept this proposal and initiate Phase 1 without delay, please:

1. Sign and return this proposal to our office **today**
2. Make payment of **R1,500** to the account below — *same day where possible*
3. Forward all SARS correspondence received to our office immediately upon payment

Work will commence as soon as payment is confirmed and all relevant correspondence has been received.

Bank	Capitec Bank
Account Name	BM Mokoena
Account Number	1506573582
Branch Code	470010 (Universal)
Payment Reference	ADEPOJU-TAX-2026

TERMS & CONDITIONS

- The Phase 1 assessment fee of R1,500 is non-refundable once work has commenced.
- This proposal is valid for **7 calendar days** from the date of issue (expires 28 April 2026).
- All fees quoted are inclusive of VAT where applicable.
- You remain responsible for the accuracy of all information and documentation provided to us.
- Phase 2 work will only commence upon receipt of a signed Phase 2 engagement letter and payment of the agreed fee.
