Key Assumptions

1. **No full-time salaries in Year 1** — Founders work without salary, team is contractors
2. **Marketing front-loaded** — Heavy investment Q1-Q2 to build pipeline
3. **Revenue starts Q4 2026** — 9-month dependency building period
4. **Conservative customer growth** — 5 beta → 25 paying in 12 months
5. **Average contract value** — R8,000-R12,000/month

This budget is designed for transparency and accountability.
