

EADF APPLICATION CHECKLIST

Lushikishini Cattle Feedlot Cooperative — Mankayane Project
Storage Facility | 10 Breeding Cows + Bull | Feed Machine | Operating Capital

Date Started: _____ / _____ / 2026 **Target Submission:** _____ / _____ / 2026

PART 1: INDIVIDUAL VALUE CHAIN PLAYER REQUIREMENTS

Every item from EADF pamphlet — Section A. Individual value chain player

#	Requirement	✓	Notes / Action Required
A(a)	All members are Swazi citizens, at least 18 years old	☐	Confirm for all 10 members
A(b)	Certified National ID copies — all 10 members	☐	Commissioner of Oaths or Police Station. You need 10 certified copies
A(c)	Business plan (technically & commercially viable)	☐	To be prepared — covers storage, cows, feed machine, operating costs. MoA can also assist
A(d)	Letter of intent from markets (buyers)	☐	Get letter(s) from abattoir/butchery confirming they will buy your cattle. At least 1-2 letters
A(e)	Water Right (where applicable)	☐	If using communal water or own tank — note "N/A — own water supply". Otherwise apply to Water Authority
A(f)	Legal rights to land — Chief's letter / lease / title deed	☐	Get signed letter from Chief in Mankayane area confirming land allocation for feedlot & storage
A(g)	3 Quotations per item (sources of supply)	☐	See PART 3 below — 12 items × 3 quotes = 36 total
A(h)	Soil sample analysis (where applicable)	☐	Likely N/A for livestock. If EADF requests it, get from UNESWA or Ministry of Agriculture
A(i)	Proof of technical expertise to run the project	☐	Sanele Dlamini CV (BSc Agriculture), Sibusiso Mavuso CV (Accountant), team experience list
A(j)	Land well fenced (for non-fencing applicants)	☐	Feedlot already fenced — take photos as proof
A(k)	Area operationally & economically viable	☐	Demonstrated by existing feedlot operations — include photos & sales records
A(l)	Registered with AIIS (Agriculture Integrated Information System)	☐	ACTION: Go to Ministry of Agriculture and register. Get certificate/number
A(m)	Good credit history (where applicable)	☐	Bank statements (6–12 months) for cooperative account. Personal statements of key members if needed
A(n)	Affiliated to registered industry association	☐	ACTION: Join a livestock/beef industry body (e.g. ENAU). Get membership certificate
A(o)	Falls under priority value chains	✓	CONFIRMED — LIVESTOCK: Beef is an EADF priority commodity
A(p)	Loan repayments structured per business cash flows	☐	Included in business plan — repayment schedule matches revenue timeline

PART 2: COOPERATIVE-SPECIFIC REQUIREMENTS

EADF pamphlet — Section B. Companies, Coops and Trusts

#	Requirement	✓	Notes / Action Required
B(a)	Cooperative legally registered in Eswatini , 100% shares held by Swazi citizens	☐	Register with Registrar of Cooperatives, Mbabane (if not yet done). All 10 members = Swazi citizens
B(b)	Certified copies: Certificate of Incorporation, Articles of Association, Constitution/Bylaws	☐	Get certified copies of: (1) Registration certificate, (2) Constitution, (3) Form J or C if applicable
B(c)	Certified ID copies for all directors/committee members	☐	Same as A(b) — certified IDs for Chairman, Secretary, Treasurer + all members
B(d)	Resolution to borrow — signed by executive committee	☐	Hold meeting, pass resolution, all executive members sign — See PART 5 template
B(e)	Maximum Liability (for cooperatives)	☐	State max liability as per constitution. If not in constitution, add it or confirm with Registrar

PART 3: QUOTATIONS — 3 QUOTES PER ITEM

EADF requirement A(g). You need 3 separate written quotations for each major purchase to prove price comparison.

☐	Print and bind business plan
☐	Compile ALL supporting documents in a folder (in order)
☐	Review entire package as a team
☐	Make a copy for your own records
☐	SUBMIT TO EADF

QUICK REFERENCE

What EADF Wants to See — and How You Show It

They Want to See	How You Demonstrate It
You're a real, active farmer	Photos of existing feedlot, cattle, infrastructure already built
You can repay the loan	Cash flow projection showing repayment capacity from operations
You fall under priority value chains	Beef = EADF priority livestock commodity ✓
You've done your homework	3 quotes per item, detailed business plan, market letters
You're properly registered	AIIS registration, cooperative certificate, industry association
You have "skin in the game"	Own contribution — existing infrastructure worth E150,000+
The project is viable	BSc Agriculture on team, proven feedlot operations, established buyers

EADF vs RDF — Key Differences

Aspect	RDF (Previous)	EADF (This Application)
Type	Grant (free money)	LOAN (must be repaid)
Repayment	None	Monthly from cash flows
Credit check	No	Yes — provide bank statements
AIIS registration	Not required	Required
Industry association	Not required	Required
Resolution to borrow	Not applicable	Required
3 Quotations	Required	Required
Letter of intent (buyers)	Not required	Required
Priority value chain	Not specified	Must qualify — Beef qualifies ✓

⚠ IMPORTANT REMINDERS

- EADF is a LOAN, not a grant** — you must repay from business cash flows
- All documents must be CERTIFIED** — uncertified copies will be rejected
- 3 quotes per item is strict** — each on supplier letterhead with date and prices
- AIIS registration is COMPULSORY** — do this first, it may take time to process
- The Resolution to Borrow is CRITICAL** — without it, the coop cannot legally borrow
- Keep copies of EVERYTHING** you submit to EADF
