

ATG

Investment Proposal

High-Value Agriculture & Agro-Processing Initiative

Submitted To Public Service Pensions Fund (PSPF)

Submitted By Alex Tsela Global (ATG) Holdings

Date January 2026

Document ID ATG-PSPF-2026-001

Version 1.0

Alex Tsela Global (ATG) Holdings

Sustainable Agriculture • Economic Growth • Community Impact

Executive Summary

Alex Tsela Global (ATG) Holdings presents this investment proposal to the Public Service Pensions Fund (PSPF) for funding of a **High-Value Agriculture Initiative** in the Kingdom of Eswatini, focusing on two strategic pillars:

- 1. **Specialty Coffee Production** — Arabica coffee cultivation
- 2. **Spring Water Bottling** — Premium natural spring water processing

This initiative directly aligns with the Kingdom's national strategy to diversify away from traditional exports (sugar and timber) and the Prime Minister's directive to develop high-value crops for economic growth, job creation, and youth empowerment.

Investment Highlights

Metric	Value
Total Investment Requested	E 1,320,000
Primary Location	Tikhuba, Eswatini
Project Duration	36 months to full production
Jobs Created	25+ direct, 100+ indirect
Export Potential	USD 500,000+ annually (Year 5)
Strategic Partners	Patrick DuPont (Coffee Expert), Eswatini Coffee Association

Why This Investment?

- **Government Priority:** Coffee identified as strategic sector by PM Russell Dlamini
- **Import Substitution:** Eswatini imports \$2.32M coffee annually — local production reduces forex outflow
- **Guaranteed Off-take:** Pre-arranged agreement with established buyer
- **Climate Suitable:** Expert-verified sites ideal for Arabica cultivation
- **First-Mover Advantage:** Early entrant in emerging specialty coffee sector

1. Company Overview

About ATG Holdings

Alex Tsela Global (ATG) Holdings is an Eswatini-based investment and development company focused on sustainable agriculture, agro-processing, and natural resource development.

Company Details:

FIELD	INFORMATION
Company Name	Alex Tsela Global (ATG) Holdings
Registration	Kingdom of Eswatini
Sector	Agriculture, Agro-processing, Natural Resources
Leadership	Geoffrey M. Tsela (Managing Director)

Our Vision

To develop sustainable, high-value agricultural enterprises that create employment, generate export revenue, and contribute to Eswatini's economic diversification.

Our Mission

To establish ATG Holdings as a leading agribusiness entity in Southern Africa, specializing in premium agricultural products for both local consumption and international export markets.

2. Market Opportunity

2.1 Global Coffee Market

The global coffee market presents an exceptional opportunity for new entrants focused on quality and sustainability.

Market Size & Growth:

Metric	Value
Global Market Value (2024)	USD 269.27 billion
Projected Value (2030)	USD 369.46 billion
Annual Growth Rate (CAGR)	5.3%
Daily Consumption	2.25 billion cups worldwide

Supply-Demand Dynamics (2024/2025):

Factor	Volume
Global Production	174.4 million bags (60kg)
Global Consumption	180.2 million bags
Supply Deficit	5.8 million bags

The current supply deficit, combined with climate change pressures on traditional growing regions, creates significant opportunity for new quality-focused producers.

2.2 Market Trends Favoring Eswatini

- 1. Specialty Coffee Premium:** Single-origin, ethically-sourced Arabica commands 50-100% price premiums
- 2. African Origin Demand:** Growing consumer preference for African coffees (Ethiopian, Kenyan profiles)
- 3. Sustainability Focus:** Fairtrade and Rainforest Alliance certifications increasingly required by buyers
- 4. Climate Shift:** Traditional regions losing suitability — new regions emerging

2.3 Eswatini Coffee Landscape

Current Status:

METRIC	VALUE
Annual Coffee Exports	USD 267,000
Annual Coffee Imports	USD 2.32 million
Trade Deficit	USD 2.05 million
Registered Farmers	200+ smallholders
Growth Rate (2024)	15% increase

Key Insight: Eswatini is a **net importer** of coffee, spending over \$2 million annually on imports. Local production directly substitutes imports and retains forex in the economy.

2.4 Spring Water Market

Southern African Bottled Water Market:

METRIC	VALUE
Regional Market Value	USD 2.1 billion
Annual Growth	8-10%
Premium Segment Growth	15%+

Eswatini's pristine highland springs offer exceptional quality water with natural mineral content, positioning for premium market segments.

3. Project Description

3.1 Project Locations

ATG Holdings has secured access to multiple sites at **Tikhuba**, inspected and approved by coffee expert **Mr. Patrick DuPont**.

Site Assessment Results:

LOCATION	RANKING	HECTARES	STATUS
Tikhuba	1st (Best)	4.9 Ha (initial)	✔ Approved
Mpolonjeni Siteki	2nd	Available	✔ Approved
Gamula	3rd	Available	✔ Approved

Expert Assessment (Patrick DuPont):

"The whole area is outstandingly ideal for coffee plantation."

Additional Opportunities at Tikhuba:

The local authority (Inkhosatana Setsabile Magongo) has offered ATG Holdings access to:

- Coffee farming sites (primary focus)
- Natural spring water sources (3+ springs identified)
- Potential energy generation sites (wind turbines)
- Hospitality and recreation development

3.2 Project Components

Component A: Coffee Farm Development

Phase 1 — Initial Farm (4.9 Hectares)

ELEMENT	SPECIFICATION
Location	Tikhuba (Site 1)
Area	4.9 hectares (1,190m perimeter)
Coffee Variety	Arabica (specialty grade)
Planting Density	~8,000 seedlings
Farming Method	Agroforestry (shade-grown)
Companion Crops	Banana, Macadamia (shade + income)
Irrigation	Drip system with 20,000L storage
Timeline	36 months to first harvest

Agroforestry Benefits:

- Climate resilience through shade cover
- Diversified income (bananas, macadamia) during coffee maturation
- Soil health improvement
- Premium "shade-grown" certification eligibility

Component B: Spring Water Bottling

Facility Specifications:

ELEMENT	SPECIFICATION
Location	Tikhuba (spring site)
Facility Type	Container-based processing plant
Capacity	2,000 liters/day (initial)
Products	Still water (500ml, 1L, 5L)
Launch Target	Q1 2026

Revenue Timeline:

- **Immediate:** Spring water generates revenue from Month 1
- **Medium-term:** Coffee income begins Year 3-4

- **Long-term:** Full production + export by Year 5

4. Strategic Partnerships

4.1 Patrick DuPont — Coffee Expert & Off-taker

ATG Holdings has established a strategic partnership with **Mr. Patrick DuPont**, an international coffee expert with extensive experience in African coffee development.

Partnership Structure:

ROLE	BENEFIT TO ATG
Technical Advisor	Site selection, agronomy guidance
Seedling Supplier	Quality Arabica seedlings at fair prices
Guaranteed Off-taker	Pre-agreed purchase of all production
Market Access	Connection to international specialty buyers

Risk Mitigation: The off-take agreement eliminates market risk — all coffee produced has a guaranteed buyer at pre-agreed prices.

4.2 Eswatini Coffee Association (ECA)

SUPPORT AREA	BENEFIT
Farmer Training	Best practice agronomy
Industry Governance	Quality standards compliance
Market Linkages	Export facilitation
Certification	Support for organic/Fairtrade certification

4.3 Government & International Partners

PARTNER	SUPPORT
Ministry of Agriculture	Policy support, extension services
FAO	Technical assistance, capacity building
European Union	Funding for nursery management
International Trade Centre	Export market development

5. Investment Requirements

5.1 Detailed Budget

A. Coffee Farm Setup — E 570,350

A1. Fencing (1,190m perimeter)

ITEM	QUANTITY	UNIT PRICE	TOTAL
Diamond mesh (100m × 1.5m rolls)	12	E 2,000	E 24,000
Wooden poles (2.4m)	600	E 35	E 21,000
Steel corner poles	4	E 400	E 1,600
Stay-support poles	20	E 80	E 1,600
U-nails & binding wire	Bulk	—	E 2,500
Gates (1 large + 1 pedestrian)	2	E 2,000	E 4,000
Installation labor	—	—	E 8,000
Fencing Subtotal			E 62,700

A2. Land Preparation

ITEM	QUANTITY	UNIT PRICE	TOTAL
Tractor hire (cultivation)	4 hrs	E 800/hr	E 3,200
Bush clearing (manual labor)	—	—	E 5,000
Land Prep Subtotal			E 8,200

A3. Shade Plants (Agroforestry)

ITEM	QUANTITY	UNIT PRICE	TOTAL
Banana plants	200	E 30	E 6,000
Macadamia trees	100	E 150	E 15,000
Planting labor (2 months)	2 workers	E 3,000/mo	E 12,000
Shade Plants Subtotal			E 33,000

A4. Farm Tools & Equipment

ITEM	QUANTITY	UNIT PRICE	TOTAL
Picks	5	E 180	E 900
Spades/shovels	5	E 150	E 750
Garden forks	5	E 200	E 1,000
Bush knives (pangas)	5	E 120	E 600
Garden hoes	5	E 100	E 500
Slashers	5	E 150	E 750
Wheelbarrows	3	E 650	E 1,950
Tools Subtotal			E 6,450

A5. Irrigation System

ITEM	QUANTITY	UNIT PRICE	TOTAL
Drip lines (60cm spacing)	8,000m	E 2.50/m	E 20,000
Drip lines (40cm spacing)	5,000m	E 3.00/m	E 15,000
JoJo water tanks (10,000L)	2	E 12,000	E 24,000
Tank stand (steel construction)	1	E 8,000	E 8,000
Diesel water pump	1	E 18,000	E 18,000
Fittings, connectors, valves	Bulk	—	E 5,000
Irrigation Subtotal			E 90,000

A6. Coffee Seedlings

ITEM	QUANTITY	UNIT PRICE	TOTAL
Arabica seedlings (from DuPont)	8,000	E 12	E 96,000
Planting labor (2 months)	4 workers	E 3,000/mo	E 24,000
Seedlings Subtotal			E 120,000

A7. Vehicle

ITEM	QUANTITY	UNIT PRICE	TOTAL
4×4 High-ride vehicle (used)	1	E 250,000	E 250,000
Vehicle Subtotal			E 250,000

B. Spring Water Bottling Plant — E 304,000

ITEM	SPECIFICATION	TOTAL
Shipping container	Modified/insulated 6m	E 55,000
Bottling equipment	Small-scale complete line	E 165,000
Initial materials	Bottles, caps, labels	E 40,000
Site preparation	Concrete slab, plumbing	E 18,000
Licensing & permits	Food/beverage compliance	E 18,000
Laboratory testing	Quality certification	E 8,000
Spring Water Total		E 304,000

C. Operations (First 6 Months) — E 174,000

ITEM	MONTHLY	6 MONTHS
Staff salaries (4 workers)	E 15,000	E 90,000
Utilities & fuel	E 5,000	E 30,000
Transport & logistics	E 4,000	E 24,000
Initial marketing	E 2,500	E 15,000
Administrative costs	E 2,500	E 15,000
Operations Total		E 174,000

D. Project Management — E 45,000

ITEM	TOTAL
Site surveys & assessments	E 15,000
Legal & company registration	E 18,000
Travel & site visits	E 12,000
Project Management Total	E 45,000

5.2 Investment Summary

CATEGORY	AMOUNT (SZL)
Coffee Farm Setup	E 570,350
Spring Water Plant	E 304,000
Operations (6 months)	E 174,000
Project Management	E 45,000
SUBTOTAL	E 1,093,350
Contingency (20%)	E 226,650
TOTAL INVESTMENT	E 1,320,000

6. Financial Projections

6.1 Revenue Projections

Spring Water Revenue (Immediate)

YEAR	DAILY OUTPUT	PRICE/L	ANNUAL REVENUE
Year 1	1,000L	E 8	E 2,920,000
Year 2	1,500L	E 8	E 4,380,000
Year 3	2,000L	E 9	E 6,570,000

Coffee Revenue (From Year 4)

YEAR	YIELD (KG)	PRICE/KG	ANNUAL REVENUE
Year 4	2,000	E 150	E 300,000
Year 5	4,000	E 160	E 640,000
Year 6	6,000	E 170	E 1,020,000

6.2 Combined Revenue Projection

YEAR	SPRING WATER	COFFEE	TOTAL REVENUE
Year 1	E 2,920,000	—	E 2,920,000
Year 2	E 4,380,000	—	E 4,380,000
Year 3	E 6,570,000	—	E 6,570,000
Year 4	E 7,000,000	E 300,000	E 7,300,000
Year 5	E 8,000,000	E 640,000	E 8,640,000

6.3 Return on Investment

METRIC	VALUE
Total Investment	E 1,320,000
Year 1 Revenue	E 2,920,000
Year 1 Operating Costs	E 1,800,000
Year 1 Net Profit	E 1,120,000
Payback Period	< 2 Years
5-Year ROI	450%+

7. Risk Analysis & Mitigation

RISK	LIKELIHOOD	IMPACT	MITIGATION
Climate/weather	Medium	High	Irrigation system, shade trees, drought-resistant varieties
Market price fluctuation	Low	Medium	Guaranteed off-take agreement with DuPont
Pest/disease	Medium	Medium	Expert guidance, integrated pest management
Water availability	Low	High	Multiple spring sources identified, storage capacity
Operational delays	Medium	Low	20% contingency budget, experienced management
Regulatory changes	Low	Low	Strong government support for coffee sector

Key Risk Mitigator: The pre-arranged off-take agreement with Patrick DuPont eliminates the primary market risk faced by most agricultural ventures.

8. Implementation Timeline

Year 1 (2026)

QUARTER	ACTIVITIES
Q1	• Spring water plant setup and launch • Site preparation for coffee farm • Fencing installation
Q2	• Shade plant establishment (banana, macadamia) • Irrigation system installation • Water bottling operations commence
Q3	• Coffee seedling planting begins • Spring water market expansion • First revenue generation
Q4	• Complete seedling planting • Ongoing farm maintenance • Market development

Year 2-3 (2027-2028)

- Coffee plant nurturing and maintenance
- Expansion of spring water operations
- Preparation for first coffee harvest
- Certification processes (organic, Fairtrade)

Year 4+ (2029 onwards)

- First coffee harvest
- Export market entry
- Expansion to additional farm sites
- Processing facility development

9. Social Impact

9.1 Job Creation

CATEGORY	DIRECT JOBS	INDIRECT JOBS
Farm workers	15	40
Processing	5	20
Transport/logistics	3	25
Administration	2	15
Total	25	100

9.2 Community Benefits

- **Youth Employment:** Priority hiring of local youth (aligned with government policy)
- **Women Empowerment:** Targeting 40% female workforce
- **Skills Transfer:** Training in modern agricultural techniques
- **Income Generation:** Smallholder farmer integration opportunities
- **Infrastructure:** Road access improvements benefit entire community

9.3 Economic Impact

IMPACT AREA	CONTRIBUTION
Import Substitution	Reduces \$2.32M annual coffee imports
Export Revenue	New forex earnings from specialty coffee
Tax Revenue	Corporate tax, employee PAYE
Local Procurement	80%+ local sourcing policy

10. Governance & Reporting

10.1 Project Governance

ROLE	RESPONSIBILITY
ATG Holdings Board	Strategic oversight, major decisions
Managing Director	Day-to-day operations, PSPF liaison
Technical Advisor (DuPont)	Agronomy guidance, quality assurance
Farm Manager	On-site operations management

10.2 Reporting to PSPF

REPORT	FREQUENCY	CONTENT
Progress Report	Monthly	Activities, milestones, photos
Financial Report	Quarterly	Expenditure, revenue, cash flow
Annual Review	Yearly	Full financial statements, audit
Site Visits	Bi-annual	Physical inspection by PSPF

10.3 Fund Utilization

All funds will be:

- Held in dedicated project account
- Disbursed against verified invoices
- Subject to quarterly audit
- Reported with full transparency

11. Conclusion

ATG Holdings presents PSPF with a compelling investment opportunity that combines:

- ✓ **Strong Market Fundamentals** — Growing global demand, supply deficit, premium pricing for specialty coffee
- ✓ **Government Alignment** — Direct support from Prime Minister's high-value crop initiative
- ✓ **De-risked Execution** — Expert partnership, guaranteed off-take, proven site suitability
- ✓ **Immediate Returns** — Spring water generates revenue from Month 1
- ✓ **Social Impact** — Job creation, youth employment, rural development
- ✓ **Attractive Returns** — Payback under 2 years, 450%+ 5-year ROI

We respectfully request PSPF's consideration of this E 1,320,000 investment to develop Eswatini's emerging specialty coffee sector and create sustainable economic value for the Kingdom.

12. Appendices

Appendix A: Site Inspection Report

Available upon request — includes photos and GPS coordinates

Appendix B: DuPont Off-take Agreement

Commercial agreement available under NDA

Appendix C: Company Registration Documents

ATG Holdings registration and director details

Appendix D: Detailed Equipment Quotations

Supplier quotes for major equipment items
